Summary

- 2.5 years of experience in programming on web applications and Management Software.
- Working on different web based project using React js, node js, Electron js and JavaScript. Working experience at client side, role played Preliminary investigation, Analysis, Design, Development, and Implementation.
- Gained knowledge of different technologies like React js, node js, Electron js, JavaScript. Passion to learn new technologies and applying thoughts in an effective manner.
- Always ready to switch on new technologies.

Technical Skills

- **Programming languages :** React js , Node js, Electron js, JavaScript.
- **Web Related :** React js , JavaScript, JQuery.
- **Database:** My SQL, MongoDB .
- **Development tools:** Notepad++, Visual studio code.
- **Version Control System :** Git-lab, azure code stack

Work Experience

Software Developer App Developer From Feb 2020 to Present Day

Currently working as software engineer with Winjit Techonology, Nashik. from Feb 2020 to till date.

POS Application (Desktop App)

Description: POS application is store management app. Having functionality order, customer management, attendance , payment , Bio-metrics authentication.

Responsibilities:

- Development analysis
- Coding
- Client interaction

Team Size : 3.

Technologies: React js , Electron Js, Node js, mysql etc.

Duration: 12 month.

Step App (web App)

Description: This is web application for students. Having functionality of manage student, class, video.

Responsibilities:

- Development analysis
- Coding
- Client interaction

Team Size : 3.

Technologies: React js

Duration: 4 month.

Software Engineer Kernel performance team

From Dec 2019 to Dec 2020

Analysis of Kselftest and RPA script:

- I analyzed kselftest and did cloning on u540 sifive board and analyzed the comparison between 'x86' and 'RISCV-u540'.
- **Robotic Process Automation (RPA)** is the use of software with machine learning capabilities to handle high-volume, repeatable tasks that previously required human to perform.
- These tasks can include queries, calculations and maintenance of records and transactions.
- I have worked on script for (benchmarks) **kselftest, LTP, hackbench, aim9, iozone, ipc.**

Project Details:

- **Major Project (Degree):**

Real Time Weather Monitoring System:

To collect and store various parameters like temperature, light intensity as data through different sensor and implemented a logger system which converts these data into a readable format using AT89S52 and displayed on LCD.

- **Major Project Name(Diploma) :**

Solar Based E-Uniform:

In this project an E - Uniform is designed which gives better protection to the soldiers who are working extreme weather conditions. Using AT89S52.

Educational Qualification

- B.E ENTC [2019] with 64% from SRTMUN University.
- Diploma [2014] with 68.46% from MSBTE.
- S.S.C [2011] with 74% from Latur Board.

Soft skills :

- Problem solving ability.
- Creativity.
- Flexibility.
- Hard Working.
- Self - Motivating.

Personal Information

Name : Ashish Arunrao Deshmukh.
Date of Birth : 04th Oct, 1994.
Gender : Male
Languages Known : English, Hindi and Marathi.
Hobbies : Travelling, Listening Music
Permanent Address : ‘ Pushp ‘ Apartment , New Kautha , Nanded, Maharsahtra

I hereby certify that all the particulars stated above to the best of my knowledge, believe are true and fair. For any misrepresentation or omission of fact, I shall be personally liable.
